Terms and Conditions for Seasonal Pitches

Awnings

Please ensure that your guy ropes do not encroach on to the grass area outside of your hardstanding.

Only a single awning is permitted on your seasonal pitch (this is considered to be the length of the unit and not more than 5 metres deep).

No equipment is to be stored beneath the unit when it is unoccupied.

Gas Bottles

Only gas bottles that fit in the gas locker are permitted. No other dangerous or flammable materials may be left on or near your pitch.

Guests

Overnight guests will incur a charge (see current price list). Please advise us of any visitors prior to arrival so that we know who is on site.

Hard standings

We would appreciate it if you will ensure that BBQ's remain on your own hardstanding and not on the grass areas.

Insurance

All caravans/motorhomes must be covered by adequate insurance at all times and a copy of the insurance must be handed in at Reception to be held on file.

Maintenance of Pitch Area

The "personalisation" of pitches is not permitted, our site is to be used for recreational purposes only and must therefore retain the aspect of all other touring pitches. There can be no boundary fences (windbreaks), planting of flower boxes or installation of flooring other than groundsheets.

Pitch holders must undertake to be responsible for the tidy upkeep of the area in the immediate vicinity of their unit and should be prepared to comply with any reasonable request regarding the maintenance of the occupied pitch.

Unoccupied Units

When leaving your unit unoccupied please let us know and ensure that gas and electric supplies are disconnected. Do not leave perishable food in your unit as this may attract unwanted attention from wildlife.

Use of Units on Site

Units should be reversed onto the pitch so that we can gain access in the event of an emergency.

Water

Due to high water costs, we do not allow car washing on site. We appreciate that caravans must be cleaned to keep them in good condition and we are happy for you to borrow our pressure washer for a small charge of £5.00.

Wheel Clamps

Where units are fitted with a device, a fully labelled key must be left at Reception in order that your vehicle may be moved in the event of an emergency.
